

CITY OF CERRITOS

# Join today and help make a safer Cerritos through **Neighborhood Watch**

---

Neighborhood Watch is more than just a crime deterrent program — it's an opportunity to connect with your neighbors, stay informed, and ensure a safer Cerritos.

Neighborhood Watch has proven to be instrumental in the prevention of residential related crimes. With property crimes on the rise, your involvement in Neighborhood Watch can make a real difference.

**Crime prevention requires participation!**

Let's work together to keep our neighborhoods safe and support law enforcement in preserving our community's peace.

More information about Neighborhood Watch is available at [safercerritos.us](https://safercerritos.us).

Our City staff will help you form a Neighborhood Watch group where you and your neighbors “watch” out for each other. We will support and keep you updated on crime trends and crime prevention strategies in your area.
